

Scott Building Company

Health and Safety Policy Statement

Scott Building Company is committed to ensuring the health, safety and welfare of its employees, so far as is reasonably practicable. We also fully accept our responsibility for other persons who may be affected by our activities. We will take steps to ensure that our statutory duties are met at all times and that adequate resources are provided for the management of health and safety.

Each employee will be given such information, instruction and training as necessary to enable the safe performance of work activities.

It is the duty of management to ensure that all processes and systems of work are designed to take account of health and safety and are properly supervised at all times.

Adequate facilities and arrangements will be maintained to enable employees and their representatives to raise issues of health and safety.

Competent people will be appointed to assist us in meeting our statutory duties including, where appropriate, specialists from outside the organisation.

Every employee must co-operate with us to enable all statutory duties to be complied with. The successful implementation of this policy requires total commitment from all levels of employee, from the boardroom to the shop floor. Each individual has a legal obligation to take reasonable care for his or her own health and safety, and for the safety of other people who may be affected by his or her acts or omissions. Full details of the organisation and arrangements for health and safety will be set out in separate documents.

This policy will be regularly monitored to ensure that the objectives are achieved. It will be reviewed and, if necessary, revised in the light of legislative or organisational changes.

Signed  Dated JANUARY 2013
